BEESTON RISE CARE HOME

-

Part of Tanglewood's new senior living luxury care homes range, Beeston Rise provides bespoke residential and dementia care in luxury surroundings with high-end facilities.

THE BRIEF

The objective was to provide bespoke residential and dementia care in a luxurious setting, ensuring every amenity and comfort for those living with dementia. The design should emphasise wellbeing, attention to detail, and resonate with the core philosophy of Tanglewood, which is to offer a dignified and enriching environment promoting a high quality of care for a fulfilling life.

THE SOLUTION

Underpinning their commitment to quality the design provides every conceivable amenity and comfort required for those living with dementia. With a particular focus on wellbeing, attention to detail has been meticulously planned to deliver a dignified and enriching environment.

HIGHLIGHTS

Designed to make the environment welcoming for families, ensuring they have memorable experiences. This includes talking points for children.

Games room: Encourages social interaction among residents and serves as a great attraction for family visitors.

Oversized thrones: Introduced to create a 'wow' factor, ensuring residents feel special and valued providing a focal point whilst making visiting enjoyable and interactive.

Upholstered headboards: These are in standout colours or patterned fabrics, acting as a feature much like artwork, adding to the room's aesthetic appeal and feeling of homeliness.

Wayfinding artwork: Thinking outside the box, a faux living wall and wallpaper panels were used for wayfinding, adding a touch of nature and visual appeal whilst making navigation much easier and more intuitive for residents.

Dining room contrast: The contrast of upholstered chairs and darker table cloths against lighter crockery creates an enabling environment for the those with deteriorating vision and perception for a pleasurable dining experience.

Feature fireplace: A unique fireplace with fire on three sides, creating a cosy and luxurious ambiance.

THE RESULT

The design and features of Beeston Rise have successfully embodied the Tanglewood philosophy, offering residents a dignified, enriching, and a holistic living experience.
